Algorithm
Lab 2

Algorithm

Write out an algorithm with at least 10 steps to do one of the following tasks.

Topic Choices:

- Make a Peanut Butter and Jelly Sandwich
- Check to see if you are Registered to Vote
- Properly Recycle
- Set up a Virtual Hangout with Friends
- Take a Walk Outside
- Do Jumping Jacks
- Crochet
- Do Art
- Go to Historic St. Mary's City
- Lift weights
- Email Ariel an idea for an algorithm that isn't on this list.

Activity Diagram

Use draw.io to make two activity diagrams that show each step and decision for the algorithm to not lose Tic-Tac-Toe:

- One if you go first
- One if you go second

Assume your opponent makes smart choices as you play both games.

Submit

Submit your program to Google Classroom using google docs.
